Roles and Responsibilities:

- Work closely with designers to come up with best solutions for clients
- Collaborate with Create and breakdown tasks from Figma design

Jun 2020 - Dec 2020
Frontend Engineer
Plecco Technologies, Nairobi, 30

At Plecco I helped with the redesign of quirkycoders.com with is a job site for technologists.
- I also worked on improving user experience for our users by:
- Managing lifecycle events according to best practices
- Reducing number of API calls we were making to backend system to improve performance.
- Reducing latency by cutting down on number of resources on frontend application
- We used ReactJs for our frontend and Ruby/Rails for our backend API
- Translated UX and business requirements into elegant code solutions

Jul 2017 - Apr 2020
Full Stack Developer
Andela, Nairobi, 30

I was involved in a variety of projects and Andela including:
Andela Resource Tracker (ART)
- The system helped manage company-provided pieces of equipment for the employers. Each of the pieces of equipment had an NFC card to enable scanning.
- I was a backend engineer on the project using Django/Python.

Andela Societies
- The system helped manage activities of social groups within the company, these groups could earn points by getting involved in activities like interviews, talks, mentorship etc which can be redeemed for cash by these groups.
- I was a frontend engineer for this project using ReactJs.

Stem Disintermedia Inc | JavaScript Full Stack Developer | October 2018 - March 2020 (1 year, 5 months
- Develop platform that enables users to upload their music to various online platforms such as Deezer, Spotify, Tencent, Amazon Music, Google Music, etc.
- Adjusted design parameters to incorporate new features
- Worked closely with Designers to create user-centric features.

Roles and Responsibilities
- Mentoring junior developers
- Participating in design sprints
- Reviewed code, debugged problems and corrected issues
- Contributed ideas and suggestions in team meetings and delivered updates on deadlines, designs and enhancements
